

Xavier Social Justice Network

Justice through advocacy and volunteering

**NONE OF US CAN THINK
WE ARE EXEMPT
FROM CONCERNS FOR THE
POOR AND FOR SOCIAL JUSTICE.
POPE FRANCIS**

The Xavier Social Justice Network (XSJN) aims, through its actions, to bring about change in the world. The XSJN came about because of the desire of a group of like-minded Xavier parents & staff to do something about the injustice they saw in our world & to model to their children action in response to injustice.

XSJN seeks to engage the wider Xavier College community in becoming compassionate and reflective men & women who are committed to serving those in need through direct service & through raising awareness of social justice issues.

Volunteering

XSJN invites the Xavier College community to engage in volunteer work with social services agencies which support vulnerable people. The agencies are chosen carefully to ensure that they operate in line with our XSJN mission & values.
