Your guide to Xavier College in 2019

Our Vision
— Xavier College aspires to set hearts on fire by an educational commitment to a faith that does justice.
Curriculum Early Years (Kindergarten and Primary to Year 4) Co-educational

As an International Baccalaureate Primary Years Programme, we promote a transdisciplinary approach to education. This incorporates English, Mathematics, Religious Education, Science, Humanities, Digital Technologies, Music, the Arts and Health and Physical Education through our Program of Inquiry. The Victorian Early Years Learning and Developmental Framework Curriculum also strongly influence the way in which we view our students and shape and deliver our programs.

The design, content and delivery of the Xavier College Early Years Curriculum is based on Ignatian philosophy and the characteristics of a Jesuit education within the framework and philosophy of the International Baccalaureate Primary Years Programme (PYP). There is a strong alignment between the two, which allows for a rich curriculum for our students.

The Primary Years Programme commences in our Kindergarten for 3 and 4-year-olds and continues through our co-educational setting to Year 4.

Consistent with the tenets of Jesuit education, the PYP focuses on the growth of the whole child, enabling our girls and boys to have the opportunity to participate in a comprehensive academic and co-curricular program.

Bursaries

The number of bursaries and the percentage of bursary support offered to prospective students is dependent on the bursary application, financial application and funds available for that particular year.

• Bursaries are available to prospective students – boarding applicants are welcome to apply
• Priority is given to children who are baptised Catholics, who may be attending a Catholic school and who are the sons of parents actively involved in a parish community
• The bursary will cover a percentage of the academic tuition fee and/or boarding fee
• Assessment will include completion of a bursary application and a financial statement. External references are to be provided
• Final approval for bursary support will be based on the outcome of an interview with either the Principal or Director of Campus at which the parent(s)/guardian(s) will also be present
• The names of successful applicants remain confidential

At the end of each year, the bursary may be reviewed or sooner if the financial circumstances of the family change for the better.

In addition to the above, the College may offer additional Foundation and Old Xaverians’ Association Bursaries which may include a broader criteria of entry.

For further bursary information please contact the Head of Admissions or visit xavier.vic.edu.au
